Purpose of the Reading Week Volunteer:
What are you doing during Reading Week? Students are invited to participate in a 3 hour volunteer role at a local community organization that needs your help! Community Service Learning in partnership with the United Way ‘Days of Caring’ program will organize locations where teams of 5 students will go volunteer for half a day. Volunteer hours are 9am-12noon or 1pm-4pm on one of the days during Reading Week. Students can identify their interest in but we won’t know which organizations need our help until the week of.

Examples of prior agencies we have gone to include the YMCA, Lake Country Boys & Girls Club, Canadian Mental Health Association, Living Positive Resources, Pathways Abilities, Mennonite Central Committee (MCC) Thrift Store, for example.

The Reading Week Volunteer will:
✓ Gain practical experience that enhances career options
✓ Develop communication and relationship building skills
✓ Collaborate with others including those whom are different from oneself
✓ Stretch their own abilities to learn something new

Do you...
✓ Want to have some fun and connect with other UBC students?
✓ Want to gain valuable volunteer experience?
✓ Have an interest in helping out?
✓ Think of yourself as creative and active?
✓ Demonstrate effective communication skills?

Come have a blast, be part of a team and make a meaningful difference in your community!
