BACHELOR OF SCIENCE
Environmental Chemistry

Major description

Learn how the environment works, as chemistry is the basis of all life. You will learn how to analyze parts per trillion concentrations of environmental contaminants, how to monitor impacts on the environment and how chemistry may be harnessed to meet new and emerging environmental challenges.

The UBC degree in environmental chemistry provides students with a solid education in the four key areas of chemistry—analytical, inorganic, organic, and physical chemistry—along with core courses in other fields such as biology and earth and environmental science.

Program highlights

Register in courses such as:
- CHEM 412 — Metabolomics
- CHEM 302 — Atmospheric Environmental Chemistry
- CHEM 336 — Green Inorganic Chemistry
- CHEM 461 — Advanced Analytical Chemistry Laboratory

Your career options

Completing a degree in Environmental Chemistry prepares you for career opportunities at environmental consulting companies, environmental protection in both industry and government, and public and private analytical laboratories.

Visit the Environmental Chemistry webpage and scroll down to the "Your Career Options" heading for more employment information.

Looking for support?

UBC Okanagan provides a broad range of support services for students from admission through to graduation. Ranging from help with academics and careers to physical and emotional resources, visit Student Support and Resources for a full list of helpful supports. Some examples are included below:
- Academic & Career Development provides academic and career support for all undergraduate students
- Indigenous Programs & Services provides academic support to self-identified First Nations, Métis, and Inuit students
- International Student Advising supports international students with immigration, employment in Canada, and more
- Faculty Program Advisors provide faculty-specific academic support
- Disability Resource Centre assists with disability-related accommodations and programming initiatives to help remove barriers for students with disabilities and ongoing medical conditions
- Counsellors help students examine and explore their behaviors, relationships, feelings, or thoughts that cause concern or challenges
- Financial support is available to help students learn to budget, pay tuition, or apply for awards and scholarships
- Career Development provides academic and career support to self-identified First Nations, Métis, and Inuit students

How to use the Program Plan:

Tuum est! This Program Plan is designed to help shape your UBC experience, challenge yourself to try new things, and become the person and scholar you want to be to help make your time at UBC Okanagan yours. The Program Plan offers suggestions — you don’t have to do it all!

The Program Plan includes four categories:
- Explore the Major: Explore what you’ll be studying and learning. Make connections between your program and future career or education opportunities and goals.
- Connect and Build Community: Making connections will help develop your support network throughout your studies and beyond.
- Develop Skills and Gain Relevant Experience: Expand your capacity to understand the changing world and embrace different perspectives by seeking out new experiences and opportunities.
- Plan ahead! Statements highlighted with a • symbol must be completed during a specific term(s) or have an associated deadline.

Getting Started

First-year standing

Explore the Environmental Chemistry major by visiting the Department of Chemistry website and reviewing the Academic Calendar.

Learn more about your major requirements by logging into Degree Navigator and reviewing the First-Year Planning Guides.

Book an appointment with an advisor to discuss program or career-related questions. Find the advisor that is right for you by reviewing advising options available.

Visit the Student Learning Hub throughout your degree for free supports from peers and professionals that include tutoring in math, sciences, languages, and writing.

Participate in Supplemental Learning - free, weekly, peer-facilitated study sessions.

Moving Through your Degree

Second-year standing

 Declare the Environmental Chemistry major on the Student Service Centre (SSC) during the registration period between June and mid-September after completing a minimum of 24 credits.

Find unique courses to fill your elective requirements or add a minor.

Meet with an instructor or TA during office hours: ask a question, discuss an assignment, or go over lecture material.

International Students: Contact International Student Advising to review your study status.

Considering further education? Find graduate programs at UBCO and beyond. Research application requirements, admissions information, and funding options.

Moving Through your Degree

Third-year standing

Explore a topic of interest in depth by participating in Undergraduate Research. Apply for an NSERC or an Undergraduate Research Award to fund your research.

Explore co-op opportunities to strengthen your skills and build your work experience by applying to the Co-operative Education Office. Applications open in September to students with 3rd year standing or higher.

Study abroad by participating in a Go Global program such as exchange, faculty-led global seminar, or research abroad.

Apply to the Environmental Chemistry honours program at the end of the third year of study (after completing a minimum of 54 credits).

Preparing for Graduation and Your Future

Fourth-year+ standing

Market yourself to employers by reflecting on your UBCO experience and identifying the skills and knowledge you developed through the activities you participated in. Meet with a Career Development Specialist for help with your resume, cover letter, and job search strategy.

Schedule an appointment with an advisor the term before you plan to graduate to ensure that you will meet all academic graduation requirements.

Review graduation eligibility requirements and deadlines before you apply to graduate and learn about convocation.

Undergraduate Programs and Admissions: you.ubc.ca
Explore experiential education: Participate in hands-on, immersive learning experiences.

Explore high-impact, “learn-by-doing” experiences that take your education beyond the classroom. Whether on- or off-campus, paid or volunteer, participating in directed experiences and focused reflection helps to increase knowledge, develop skills, clarify values, and build your capacity to contribute to your communities.

Experiential Education opportunities are highlighted with a symbol. Most opportunities highlighted below can be pursued at any time. Opportunities with timelines or deadlines are noted with a symbol.

Getting Started:
Explore new opportunities and interests.

New to UBC? Participate in orientation and transition programming to connect with other students and get involved in the campus community.

Find on-campus events to meet new people and get involved with the campus community using the Events Calendar.

Meet a Student Connector at Student Connect for help with navigating campus and to learn more about the opportunities available at UBC Okanagan.

Follow @UBCOStrainers on Instagram for campus tips, opportunities, and event updates.

Attend a Heat Varsity Athletics game. Admission is free with your student UBCcard.

Connect with the Student & Alumni Job Board.

Discover student organizations.

Apply to the Get Involved Program: sign up for volunteer projects in the Okanagan. Attend Selkwa community events to get connected and learn about different cultures, activities, and experiences that make the Okanagan unique.

Build your cross-cultural skills and intercultural fluency by participating in the Intercultural Development Program.

Develop Interests and Broaden Perspectives:
Get more involved and build your skills and connections.

Branch out, get involved in student life, and have fun by joining a student association like one of the Chemical Sciences Course Unions to meet peers and participate in events and activities.

Get active! UBCO Recreation offers activities like intramural sports, fitness classes, and other special events and activities.

Build your networking skills with alumni working in careers of interest by looking at job boards and employer websites.

Investigate requirements for full-time jobs or other opportunities related to careers of interest by looking at job boards and employer websites.

Connect your experiences with others.

Find on-campus events to relax, study, and socialize with others.

Planning to live on campus? Apply to join a Living Learning Community.

Apply to the Work Study program to build skills and grow your professional network with paid on-campus positions that align with your class schedule.

Apply to Entrepreneurship@UBCO to explore your start-up ideas through mentorship and training programs.

Book an appointment with a Learning Strategist at any stage in your degree for help with study skills and learning strategies.

Investigate requirements for full-time jobs or other opportunities related to careers of interest by looking at job boards and employer websites.

Immersive Experiences: Take part in unique opportunities and programs. Find ways to immerse yourself in your experiences.

Explore professional associations such as the Environmental Careers Association (ECA) for more information about potential careers, networking and professional development opportunities and more.

Give back to the campus community by volunteering or applying to work on campus: Student & Alumni Job Board.

Engage with your community in a meaningful way and help to create social change by participating in the Community Service Learning program.

Create your own student association, study group, or social club to connect with peers.

Learn about UBCO’s commitments to Truth and Reconciliation and Indigenous initiatives.

Explore course options and electives that broaden your own perspectives and worldviews.

Learn about UBCO’s commitments to Truth and Reconciliation and Indigenous initiatives. Explore course options and electives that broaden your own perspectives and worldviews.

Learn about programs and supports available through the Equity & Inclusion Office.

Participate in cross-cultural initiatives organized by the Global Engagement Office (GEO) to increase cultural awareness and grow professionally.

Get involved with Student Union Okanagan (SUO) resource groups:

• Indigenous Peoples Collective (IPC)
• Peer Support Network (PSN)
• Pride Resource Centre (PRC)
• Women’s Resource Centre (WRC)
• Sex Positive Centre (SPC)
